Analysis of Financial and Staffing Provision

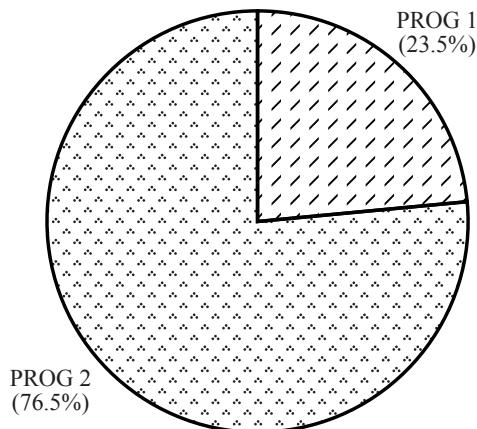

Programme (1)

Provision for 2008–09 is \$13.3 million (3.6%) higher than the revised estimate for 2007–08. This is mainly due to the full-year effect of filling of vacancies in 2007–08, the creation of 12 posts and increase in other operating expenses.

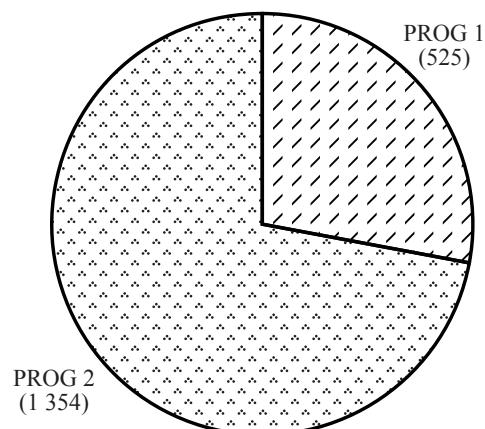

Programme (2)

Provision for 2008–09 is \$9.8 million (0.8%) higher than the revised estimate for 2007–08. This is mainly due to the full-year effect of filling of vacancies in 2007–08, the net increase of 23 posts and increased cash flow requirements for purchase of equipment, partly offset by the reduction in other operating expenses.
