The loan repayments and other receipts for 2012–13 are estimated at \$3,561,950,000. An estimated sum of \$1,000,000,000 will be transferred from the general revenue in 2012–13.

4 The following notes supplement the estimates of payments and receipts in respect of the approved projects.

### Head 251—Housing

#### *Hong Kong Housing Society*

5 From January 1982 to November 1986, the Finance Committee approved two interest-free loans totalling \$140,800,000 to the Housing Society for the development of two rural public housing projects. The loans are repayable over 40 years by equal monthly instalments. The estimated repayments in both 2011–12 and 2012–13 are \$3,520,000 a year.

6 On 21 February 1997, the Finance Committee approved a commitment of \$1,380,000,000 to provide the Housing Society with interest-free funding to make loans under the extended Sandwich Class Housing Loan Scheme (SCHLS) whereby low interest loans were granted to eligible applicants to assist them in buying their own homes. The Housing Society had drawn the full amount by 31 March 1998.

7 On 9 January 1998, the Finance Committee approved a commitment of \$18,000,000,000 to provide the Housing Society with interest-free funding to make loans under the Home Starter Loan Scheme (HSLs) whereby low-interest loans were granted to eligible home buyers to purchase their own homes. Applications for the HSLs were closed on 31 March 2002 and the Housing Society had drawn \$14,953,000,000 by that date.

8 On 2 December 2003, the Government signed an agreement with the Hong Kong Mortgage Corporation Limited (HKMCL) for the sale of loans under the SCHLS and HSLs which are secured by second legal charges. As a result of the sale, the loan repayments received by the Housing Society less any reasonable expenses necessarily incurred in implementing the loan schemes are remitted to the HKMCL. The loan repayments received by the Housing Society from the unsold loans less any reasonable expenses continue to be remitted to the Government. The estimated remittances to the Government under the HSLs in 2011–12 and 2012–13 are \$6,613,000 and \$2,261,000 respectively.

### *Housing assistance for civil servants*

9 On 11 February 1981, the Finance Committee approved a commitment of \$400,000,000 to provide downpayment loans and housing loans under the civil service housing benefits schemes. From December 1985 to January 1989, the commitment was increased several times to \$2,137,000,000 to cover additional requirements. On 13 July 1990, 9 June 1995 and 7 May 1999, the Finance Committee approved increases in the commitment by \$4,553,000,000, \$2,123,000,000 and \$1,625,000,000 respectively to \$10,438,000,000 for servicing loans under the Home Purchase Scheme, the Home Financing Scheme and the Housing Loan Scheme. All the above loans are repayable with interest.

10 Subsequent to the Government's agreement with the HKMCL on 30 May 2003 for the sale of outstanding loans under various housing loan schemes for civil servants, further disposal(s) of the accumulated stock of loans to the HKMCL were made on a regular basis. After the sale, only the loan repayment from the unsold loans and new loans granted after the sale will be received by the Government. The estimated loan payments and repayments in 2011–12 are \$112,400,000 and \$19,266,000 respectively.

11 Assuming that the existing practice of disposing of the accumulated stock of new loans will continue in 2012–13, the estimated loan payments and repayments in 2012–13 are \$156,400,000 and \$21,975,000 respectively.

### **Head 252—Loans to Schools/Teachers**

The estimated repayments for the loan to the Australian International School Foundation Limited in 2011–12 and 2012–13 are \$7,700,000 and \$3,850,000 respectively.

#### *Slope improvement loan scheme for private schools*

13 On 25 June 1999, the Finance Committee approved a commitment of \$100,000,000 to provide loans to private schools for upgrading the sub-standard slopes under their maintenance responsibility as required by Dangerous Hillside Orders served by the Building Authority under section 27A of the Buildings Ordinance (Cap. 123). The loans are offered on a non-means-tested basis. Loans to non-profit-making private schools are interest-free whereas those to profit-making private schools bear interest at the “no-gain-no-loss” rate. The loans are normally repayable with interest, where applicable, by instalments within a period of up to 60 months. This may be extended to a maximum of 120 months where justified. The first instalment is due one month after the final drawdown of the loan.

14 The loan scheme operates on a revolving basis. The outstanding loan as at 31 March 2011 was \$674,000. The estimated repayments in 2011–12 are \$674,000. The estimated payments and repayments in 2012–13 are \$4,000,000 and \$400,000 respectively.

The loans are repayable in ten equal annual instalments starting one year after the date of the final drawdown. On 23 May 2008, the Finance Committee approved modification of the scheme with effect from the 2008/09 academic year by expanding the scope of the scheme to offer loans to course providers of full-time locally-accredited self-financing post-secondary programmes for enhancing teaching and other ancillary facilities. In addition, existing borrowing institutions with medium-term loan approved before 23 May 2008 may apply for an extension of the loan repayment period from no more than ten years to no more than 20 years if they have proven financial difficulties, but subject to the payment of interest at the “no-gain-no-loss” rate after the interest-free period in the first ten years. On 5 February 2010, the Finance Committee approved an increase in the commitment by \$2,000,000,000; and to extend the loan repayment period from no more than ten years to no more than 20 years for institutions borrowing loans after May 2008 for constructing new college premises, subject to proven financial difficulties, payment of first five repayment instalments and interest at the “no-gain-no-loss” rate after the interest-free period in the first ten years. ### Head 254—Loans to Students

*Students of the universities, the Hong Kong Institute of Vocational Education and Hong Kong Design Institute of the Vocational Training Council, Prince Philip Dental Hospital, Hong Kong Institute of Education and Hong Kong Academy for Performing Arts*

**16** The Tertiary Student Finance Scheme - Publicly-funded Programmes (TSFS) provides financial assistance to eligible full-time students of publicly-funded institutions, (i.e. University Grants Committee (UGC) - funded institutions, the Hong Kong Institute of Vocational Education and Hong Kong Design Institute of the Vocational Training Council, the Hong Kong Academy for Performing Arts, and the Dental Technology Course at the Prince Philip Dental Hospital).

**17** The TSFS, which is a means-tested scheme, provides assistance to students in need in the form of grants and/or loans. The loan element is intended to help towards students' living and personal expenses. The maximum loan for each student has been increased from \$37,250 in the 2010/11 academic year to \$37,960 in the 2011/12 academic year to reflect general price increases. The loans, which are interest-bearing at 2.5% per annum as from the commencement of repayment, are normally repayable over a period of five years after the students' graduation or termination of studies.

#### *Non-means-tested loan scheme*

**18** The Non-means-tested Loan Scheme (NLS) was introduced in 1998 to complement the TSFS and to ensure that no qualified students are denied access to tertiary education because of lack of means. It provides financial assistance in the form of loans for tuition fees to eligible full-time students of publicly-funded institutions, the Hong Kong Shue Yan University (HKSYU) and the Open University of Hong Kong, and persons pursuing continuing and professional education courses provided in Hong Kong by registered schools, non-local universities and professional and recognised training bodies.

**19** Eligible students may obtain a loan under the NLS up to the maximum amount of their tuition fees payable. Students who receive financial assistance under the TSFS may apply for loans under the NLS up to the difference between the maximum financial assistance under the TSFS and the amount of financial assistance they may receive under the TSFS, subject to the NLS loan maximum (equivalent to the tuition fees payable) not being exceeded. Students who fail to obtain assistance or do not wish to apply under the TSFS may obtain NLS loans up to the maximum amount of their tuition fees payable.

**20** The Non-means-tested Loan Scheme for Post-secondary Students (NLSPS) was introduced in the 2001/02 academic year to complement the Financial Assistance Scheme for Post-secondary Students (FASP) to provide loans to eligible full-time students aged 25 or below pursuing locally-accredited self-financing post-secondary education programmes which lead to a qualification at or above the levels of associate degree, higher diploma and/or professional diploma. With effect from the 2008/09 academic year, the NLSPS is extended to cover sub-degree graduates studying full-time locally-accredited self-financing degree or top-up degree programmes.

**21** Eligible students may obtain loans under the NLSPS to meet their tuition fees, academic expenses (\$4,300 in the 2011/12 academic year) and basic living expenses (\$37,960 in the 2011/12 academic year). Students who receive FASP may apply for loans under the NLSPS up to the difference between their tuition fees, academic expenses and basic living expenses, and the financial assistance they may receive under the FASP.

**22** The NLS and the NLSPS operate on a full-cost recovery basis. Interest is payable on the outstanding balance of the loan at the "no-gain-no-loss" rate, plus a 1.5% risk-adjusted factor which seeks to cover the Government's risk in disbursing unsecured loans. An administrative fee is chargeable for each application and annually thereafter until the loan is fully repaid. The loan and the interest accrued are repayable within ten years upon graduation, termination of studies, or lapse of six years from the first disbursement of the loan, whichever is the earliest.

#### *Means-tested loan for post-secondary students*

**23** The FASP is a means-tested scheme which provides financial assistance to eligible full-time students aged 25 or below pursuing locally-accredited, self-financing post-secondary education programmes which lead to a qualification at or above the levels of associate degree, higher diploma and/or professional diploma. Sub-degree graduates pursuing full-time locally-accredited self-financing degree or top-up degree programmes can also apply for FASP. Financial assistance was provided in the form of grant or loan from the 2001/02 to 2005/06 academic years. With effect from the 2006/07 academic year, FASP loan for tuition fees has been replaced by FASP grant covering both tuition fees (subject to a ceiling of \$62,250 in the 2011/12 academic year) and academic expenses (up to \$4,300 in the 2011/12 academic year).

**24** Starting from the 2008/09 academic year, means-tested loans at the same level as those under the TSFS are introduced to cover the students' living expenses based on the same terms and conditions as those under the TSFS. The maximum amount of living expenses loan is at the same level as that under the TSFS (i.e. \$37,960 per student per annum in the 2011/12 academic year).

**25** The loans will be interest-free during the study period and are repayable within five years upon graduation, termination of studies, or lapse of six years from the first disbursement of financial assistance, whichever is the earliest, and are interest-bearing at 2.5% per annum as from the commencement of repayment.
