Aim

2 The aim of the Independent Police Complaints Council (IPCC) is to ensure that investigations of reportable complaints by the Complaints Against Police Office (CAPO) of the Hong Kong Police Force (HKPF) are carried out in a thorough, impartial and efficient manner.

Brief Description

3 The main functions of the IPCC are:

- to observe, monitor and review the handling and investigation of reportable complaints by the Commissioner of Police (the Commissioner), and to make recommendations, where appropriate, to the Commissioner and/or the Chief Executive (CE) in respect of the handling and/or investigation of reportable complaints;
- to monitor actions taken or to be taken in respect of any member of the police force by the Commissioner in connection with reportable complaints, and to advise, where appropriate, the Commissioner and/or the CE of its opinion on such actions;
- to identify any faults or deficiencies in any practices or procedures adopted by the police force that have led to or might lead to reportable complaints, and to make recommendations, where appropriate, to the Commissioner and/or the CE in respect of such practices or procedures;
- to review submissions made by the Commissioner pursuant to the Independent Police Complaints Council Ordinance (Cap. 604) (the Ordinance); and
- to promote public awareness of the role of the IPCC.

4 The number and complexity of reportable complaints received and processed are the main indicators of IPCC's work. Performance is assessed having regard to the thoroughness with which investigation reports received from the Commissioner are examined and the quality of comments given to the Commissioner on these reports.

5 The IPCC has broadly achieved its aim. Its overall performance, as reflected by the number and thoroughness of investigation reports reviewed and processed, has been maintained at a satisfactory level.

6 The key performance measures are:
