### Head 951—Housing

#### *Hong Kong Housing Authority*

6 On 31 August 1994, the Hong Kong Housing Authority and the Government signed a supplemental agreement to the then existing financial arrangements. The supplemental agreement took effect from 1 October 1994. Under the supplemental agreement, part of the Government capital investment amounting to \$13,488,797,000 became non-interest-bearing permanent capital. The capital injections made previously under the financial arrangements totalling \$10,000,000,000 together with the closing balance of \$2,795,588,000 in the Home Ownership Fund making a total of \$12,795,588,000 were converted into a loan capital bearing interest at 5% per annum on the reducing balance. The Authority has been repaying this loan capital over 14 years since the quarter ended 31 December 1994. It is estimated that the Authority will have repaid \$5,750,181,000 by 31 March 2002.

## CAPITAL INVESTMENT FUND

7 The Authority will continue to share equally with the Government the overall surplus from the operation of commercial facilities in public rental estates and Home Ownership courts. The total receipts from this source and interest on loan capital in 2001–02 and 2002–03 are expected to be \$1,381,841,000 and \$811,239,000 respectively.

### **Head 957—Kowloon-Canton Railway Corporation**

8 The Kowloon-Canton Railway Corporation was incorporated under the Kowloon-Canton Railway Corporation Ordinance (Cap. 372) on 24 December 1982. The assets, rights and liabilities of the then existing railway were vested in the Corporation on 1 February 1983 in accordance with section 7 of the Ordinance. On 27 February 1998, the Finance Committee approved a commitment to inject equity of \$29,000,000,000 into the Corporation to allow major works on West Rail Phase I to proceed. On 3 April 1998, the Financial Secretary specified the initial authorised capital of the Corporation to be \$2,120,000,000 based on the book value of all assets vested in it and ordered an increase in the authorised capital of the Corporation from \$2,120,000,000 to \$34,000,000,000. The approved equity of \$29,000,000,000 had been fully drawn by the Corporation by 31 March 2000.

9 On 26 May 2000, the Finance Committee approved a commitment to inject equity of up to \$8,500,000,000 into the Corporation to allow major works on the Ma On Shan to Tai Wai Rail Link and the Kowloon-Canton Railway Extension from Hung Hom to Tsim Sha Tsui to proceed. On 2 March 2001, the Financial Secretary ordered an increase in the authorised capital of the Corporation from \$34,000,000,000 to \$42,500,000,000 and on the same date, a sum of \$8,000,000,000 was injected as equity into the Corporation.

### **Head 962—Industry**

#### *Hong Kong Science and Technology Parks Corporation*

10 The Hong Kong Science and Technology Parks Corporation (HKSTPC) was established on 7 May 2001 under the Hong Kong Science and Technology Parks Corporation Ordinance (Cap. 565) through the merger of the Hong Kong Industrial Estates Corporation, the Hong Kong Industrial Technology Centre Corporation and the Provisional Hong Kong Science Park Company Limited. Upon the establishment of the HKSTPC, all rights, obligations, assets and liabilities of the aforesaid merging entities were vested in the HKSTPC in accordance with section 37 of the Ordinance and the entities dissolved. According to section 17(1) of the Ordinance, the authorised capital of the HKSTPC is equal to the value of the net assets in respect of all assets and liabilities vested in the HKSTPC on 7 May 2001.

11 On 6 July 2001, the Finance Committee approved a commitment to inject \$2,435,000,000 as equity and to provide \$1,043,000,000 as a loan to the HKSTPC to enable it to proceed with the construction of Science Park Phase 2. The equity will be injected in phases to meet expenditure on construction work. The loan will be drawn as required after the equity has been fully injected. It is estimated that the first injection of equity will be made in 2003–04.

#### *Applied Research Fund*

12 On 13 December 1991, the Finance Committee approved a sum of \$200,000,000 for the setting up of an Applied Research and Development Scheme to provide funding for worthwhile applied industrial research and development projects. On 11 December 1992, the Finance Committee approved revised terms and conditions for operating the Scheme, whereby government investment in projects funded under the Scheme should be by way of equity participation in the recipient companies or a loan or a combination of both, and that a private limited company wholly owned by the Government should be formed to hold and manage the Government's investments.

13 In February 1993, a private company called the Hong Kong Applied R&D Fund Company Limited was established to administer the Scheme. It was renamed as The Applied Research Council Company Limited in May 1995, and subsequently as The Applied Research Council in June 1996. The Government injected \$175,000,000 into the Council from the Capital Investment Fund by 31 March 1999.

14 On 27 March 1998, the Finance Committee approved the merger of the Scheme with the Co-operative Applied Research and Development Scheme, set up in 1995 with a one-off grant of \$50,000,000 from the Government, to become the Applied Research Fund and the consequential variation to the terms and conditions of the \$175,000,000 equity injection. It also approved a grant of \$525,000,000 to the Applied Research Council for financing applied research and development projects and a change in the Applied Research Council's mode of operation.

### **Head 965—Asian Development Bank**

15 On 6 September 1967, the Finance Committee approved funds required to enable Hong Kong to become a member of the Asian Development Bank. On 28 March 1969, US\$8 million was subscribed to the Bank's capital stock, of which US\$4 million was paid up and the balance of US\$4 million would remain as callable shares. On 26 April 1972, the Finance Committee approved the subscription of US\$12 million to the first general capital increase of the Bank of which US\$2.4 million was paid up and US\$9.6 million remained as callable shares. On 1 June 1977, the Finance Committee approved the subscription of \$151,650,000 to the second general capital increase of the Bank, of which \$15,165,000 was paid up and the remaining \$136,485,000 remains on call. On 21 May 1986, the Finance Committee approved the subscription of \$331,810,000 to the third general capital increase, of which \$16,608,000 was paid up and the remaining \$315,202,000 remains on call.

16 On 24 June 1994, the Finance Committee approved an increase of \$18,470,000 (US\$2.33 million) in financial commitment for the subscription by Hong Kong to the fourth general capital increase of the Bank, amounting

approximately to \$1,054,700,000 (US\$135.18 million). The increase in financial commitment is for the paid-in portion of the additional shares and the remaining \$1,036,230,000 (US\$132.85 million) will be a contingent liability in respect of the additional callable shares. The paid-in portion has been settled by three instalments. The first and second instalments of \$6,008,568 and \$6,000,420 were paid by 31 March 1996 and the last instalment of \$6,016,000 was paid by 31 March 1997.

**17** The total number of shares subscribed by Hong Kong since joining the Bank in March 1969 is 19 270 shares, comprising 1 350 paid-up shares and 17 920 callable shares.

**18** The callable shares will be subject to call only as and when required by the Bank to meet its financial obligations. Since Hong Kong became a member of the Bank, there has not been a call on the callable shares subscribed by Hong Kong, which have remained a contingent liability of the Government. As of 30 November 2001, the contingent liability was \$1,769,221,888. This amount will vary with changes in exchange rates. On 10 December 1995, the Central People's Government issued a letter of guarantee to the Bank guaranteeing Hong Kong's financial obligations to the Bank after 1997.

### **Head 967—MTR Corporation Limited (formerly Mass Transit Railway Corporation)**

**19** The Mass Transit Railway Corporation was established in 1975 under the Mass Transit Railway Corporation Ordinance (Cap. 270) with an authorised capital of \$2,000,000,000. To enable the Corporation to draw on equity for the construction of railways including the Airport Railway, the Government increased the authorised capital of the Corporation several times between 1981 and 1995 to \$32,700,000,000. With the Finance Committee's approval, a total of \$32,188,100,000 had been paid in as capital injections to the Corporation by 31 March 1997.

**20** The Financial Secretary announced in his Budget Speech on 3 March 1999 the proposed sale of a substantial minority of Mass Transit Railway Corporation shares through an Initial Public Offer (IPO). On 26 April 2000, MTR Corporation Limited (MTRCL) was incorporated. The Mass Transit Railway Ordinance (Cap. 556) came into effect on 30 June 2000 and on that day, the entire property, rights and liabilities of the Mass Transit Railway Corporation were vested in the MTRCL. On 12 September 2000, the authorised share capital of the MTRCL was reduced to \$6,500,000,000 divided into 6 500 000 000 shares of \$1.00 each. Immediately before the IPO, 5 000 000 000 shares, being the entire issued capital, were issued to the Government. Of these, 1 150 000 000 were then sold to retail and institutional investors. Following the IPO, the MTRCL issued cash and scrip dividends to shareholders, including the Government. The Government also distributed shares under the Employee Share Grant scheme to eligible employees of the MTRCL and loyalty bonus shares to eligible MTRCL shareholders in October and November 2001. After these transactions, the Government holds approximately 77% of the entire issued share capital of the MTRCL.

**21** The Government has undertaken to remain the largest shareholder of the MTRCL and to continue to hold the legal and beneficial interest in not less than 50% of the ordinary share capital of the MTRCL and not less than 50% of the voting rights at general meetings of the MTRCL for at least 20 years from the date of the listing.

**22** There are no specific proposals at present which require the MTRCL to raise additional equity from its shareholders. However, if the MTRCL were to seek to raise equity finance from shareholders, the Financial Secretary Incorporated on behalf of the Government would provide equity capital to the MTRCL pro rata its shareholding in the MTRCL where the Government considered it appropriate, subject to the approval of the Finance Committee.

**23** Cash dividends received from the MTRCL are credited into the General Revenue Account in accordance with the provisions of the Mass Transit Railway Ordinance.

### **Head 969—Airport Authority**

**24** On 29 June 1990, the Finance Committee approved a commitment of \$20,000,000 as an advance to the Provisional Airport Authority to finance its establishment and initial operation. On 13 July 1990, the Finance Committee approved an additional advance of \$760,000,000 to enable the Authority to commission the airport master plan consultancy and to establish a major works site at Chek Lap Kok for subsequent use by the major reclamation contractor. On 19 July 1991, 27 November 1992, 18 June 1993 and 21 January 1994, the Finance Committee approved four further increases in this commitment, of \$6,550,000,000, \$6,699,000,000, \$562,000,000 and \$1,671,000,000 respectively, to enable the Authority to meet its full contractual commitments and associated expenses for the airport site preparation contract and some urgent work items, 13 critical design packages and head office expenses up to 31 March 1995.

**25** On 1 July 1994, the Finance Committee approved a further increase in commitment of \$15,184,000,000 for major works items at the new Airport and for additional head office expenses up to 31 March 1995 to cope with increased project workload and to maintain the expansion of commercial and operational planning and development activities. On 27 January 1995, the Finance Committee approved a further commitment of \$5,202,000,000 for further major works items, bringing the total approved commitment to \$36,648,000,000. On 14 July 1995, the Finance Committee approved the conversion of the total authorised advance to the Provisional Airport Authority into a commitment to inject that amount of equity into the Airport Authority once it was established. The total authorised advance of \$35,553,600,000 up to 1 December 1995 was converted into equity upon the formal establishment of the Authority on that date. The remaining \$1,094,400,000 was injected into the Airport Authority as equity by 31 March 1997, through cash payment of \$816,160,699 and conversion of initial debt of \$278,239,301 due to the Government into equity.
