Aim

2 The aim is to attract and retain foreign direct investment and to maintain and develop Hong Kong as the leading international business location in Asia.

Brief Description

3 Invest Hong Kong was set up on 1 July 2000 to spearhead Hong Kong's efforts to attract foreign direct investment. It offers solution-oriented investment promotion, facilitation, and aftercare services to ensure that external investors have all the support required to establish or expand operations in Hong Kong. Invest Hong Kong adopts a pro-active investment promotion strategy by focusing on business sectors where Hong Kong has an edge over other Asian cities and by taking a pro-active marketing approach with specific target companies. Currently, the targeted sectors are financial services, consumer, retail and sourcing, transportation, telecommunications, media and multi-media, business and professional services, information technology, technology (especially electronics and biotechnology), and tourism and entertainment. Since 2004, Invest Hong Kong has broadened external representation to cover new markets and strengthened the representation in markets already covered. It has also enhanced the services offered to Mainland investors, including a "One-Stop Service" facility, new Investment Promotion Units (IPUs) in Beijing, Shanghai and Chengdu and an expanded IPU in Guangzhou.

4 In 2007, Invest Hong Kong continued to arrange overseas trips and visits to the Mainland and Taiwan to call on companies with an interest in Hong Kong. The Department hosted and participated in major international and regional events to promote inward investment, such as Forbes Fabulous 50 and Businessman of the Year Awards Dinner, Hong Kong Sevens 2007, Asian Aerospace, Cable and Satellite Broadcasting Association of Asia's annual convention, the Pan-Pearl River Delta Economic and Trade Cooperation Fair and the Mobility World Congress. Invest Hong Kong organised or participated in targeted overseas seminars and events to raise Hong Kong's profile, inform potential investors about Hong Kong's advantages - especially the benefits associated with the Mainland and Hong Kong Closer Economic Partnership Arrangement (CEPA) - in order to promote Hong Kong as an investment destination. In addition, it revamped the design of its full range of publications, and placed articles or advertised in major publications in key overseas markets to promote the advantages of investing in Hong Kong and also support the 10th Anniversary of the Establishment of the HKSAR. The Department's award-winning TV commercial was also screened together with vignettes featuring 'dialogues with investors' in major worldwide markets as part of its branding efforts.
