

CAPITAL WORKS RESERVE FUND

CAPITAL WORKS RESERVE FUND

Memorandum Note

The Capital Works Reserve Fund (CWRF) was established with effect from 1 April 1982 by Resolution of the Legislative Council on 20 January 1982 for the purpose of financing the Public Works Programme and the acquisition of land. The first Resolution was subsequently replaced by a second Resolution on 27 July 1983. For the purpose of giving effect to arrangements for implementing paragraph 6 of Annex III to the Joint Declaration of the Government of the United Kingdom and the Government of the People's Republic of China signed in Beijing on 19 December 1984, the 1983 Resolution was replaced by a third Resolution passed by the Legislative Council on 15 May 1985. On 13 January 1988, the Legislative Council passed an amendment to the Resolution which effected the transfer of the financing of capital subventions and major systems and equipment from the General Revenue Account to the Fund with effect from 1 April 1988. On 6 November 1991, the Legislative Council passed an amendment to the Resolution to include provisions for government borrowings to be credited to the Fund and for repayments, and payment of interest and expenses relating to such borrowings, to be made from the Fund. As consequential amendments to the New Territories Land Exchange Entitlements (Redemption) Ordinance enacted on 12 December 1996, the Resolution was amended to include provisions for the payment of redemption money payable in respect of land exchange entitlements and of interest payable thereon under the New Territories Land Exchange Entitlements (Redemption) Ordinance. These amendments took effect when the Ordinance came into operation on 27 June 1997. Following the handover on 1 July 1997, the Resolution was amended by the Provisional Legislative Council on 17 December 1997 to remove provisions concerning the sharing of land premium under paragraph 6 of Annex III to the Joint Declaration as these provisions had become obsolete. The amended Resolution came into effect on 1 January 1998.

2. The Resolution provides that—

- (a) the Fund be administered by the Financial Secretary, who may delegate his power of administration to other public officers;

CAPITAL WORKS RESERVE FUND

3. In accordance with the terms of the Resolution, all revenue from land transactions has been paid into the Fund from 1 January 1998.

4. Expenditure from the Fund is limited in respect of each subhead by the allocation shown under the column headed 'Estimate 2023–24' in the Fund estimates, and this may not be exceeded in 2023–24 without the prior approval of the Financial Secretary. For all Category A projects, the approved project estimate of each project was that approved by the Finance Committee of the Legislative Council or the Financial Secretary acting under delegated power. Approvals up to 31 December 2022 are included. The total commitment incurred may not exceed the approved project estimate, which in turn may not be altered without the prior approval of the Finance Committee or the Financial Secretary acting under delegated power. For block allocation subheads under the various expenditure heads, the approved allocations for block allocation subheads for 2022–23 were that approved by the Finance Committee or the Financial Secretary acting under delegated power. Expenditure of any amount in excess of the approved allocation requires prior approval of the Finance Committee or the Financial Secretary acting under delegated power. As at 31 December 2022, the provisions for block allocation subheads for 2023–24 are subject to funding approval of the Finance Committee.

5. The balance available in the Fund as at 1 April 2023 is estimated to be about \$151,142 million. It is estimated that during 2023–24, about \$85,000 million will be paid into the Fund from premium income received from land transactions. In addition, about \$6,861 million is expected to accrue to the Fund from investment income on its balances during 2023–24, about \$8 million from donations and contributions, and about \$65,000 million from Green bonds issued under the Government Green Bond Programme. The Fund will thus have receipts of about \$156,869 million in 2023–24 which, taken together with the opening balance and the transfer of \$50,000 million to general revenue, will have available about \$258,011 million to meet estimated payments of about \$107,622 million, including about \$5,293 million of estimated repayment, interest and other expenses on Green bonds issued under the Government Green Bond Programme, during 2023–24. The Fund will have an estimated balance of about \$150,389 million as at 31 March 2024.
