borrowing institutions with medium-term loan approved before 23 May 2008 may apply for an extension of the loan repayment period from no more than ten years to no more than 20 years if they have proven financial difficulties, but subject to the payment of interest at the “no-gain-no-loss” rate after the interest-free period in the first ten years. On 5 February 2010, the Finance Committee approved an increase in the commitment by \$2 billion; and to extend the loan repayment period from no more than ten years to no more than 20 years for institutions borrowing loans after May 2008 for constructing new college premises, subject to proven financial difficulties, payment of first five repayment instalments and interest at the “no-gain-no-loss” rate after the interest-free period in the first ten years. On 15 February 2022, the Finance Committee approved a deferral of the loan repayment for another two years to these institutions amidst the COVID-19 epidemic. The estimated repayments in 2022–23 and 2023–24 are both \$15,380,000.

### **Head 254—Loans to Students**

#### *Means-tested loan for tertiary students pursuing publicly-funded programmes*

**18** The Tertiary Student Finance Scheme—Publicly-funded Programmes (TSFS) is a means-tested scheme which provides financial assistance to eligible full-time students of publicly-funded institutions (i.e. University Grants Committee (UGC)-funded institutions; the Hong Kong Institute of Vocational Education, Hong Kong Design Institute, Chinese Culinary Institute, International Culinary Institute and Maritime Services Training Institute of the Vocational Training Council; the Hong Kong Academy for Performing Arts; and the Dental Technology Course of the Prince Philip Dental Hospital).

**19** Financial assistance is provided to students in need in the form of grants and/or loans. The loan element is intended to help towards students’ living expenses. The maximum loan for each student has been increased from \$53,890 in the 2021/22 academic year to \$55,560 in the 2022/23 academic year to reflect general price increases. The loans are interest-free during the study period and repayable upon graduation or termination of studies. Interest is accrued upon commencement of repayment. With the approval of the Finance Committee, the interest rate of the loans has been reduced from 2.5% to 1% per annum with effect from 1 July 2012 and the standard repayment period has been extended from five years to 15 years.

#### *Means-tested loan for post-secondary students*

**20** The Financial Assistance Scheme for Post-secondary Students (FASP) is a means-tested scheme which provides financial assistance to eligible full-time students aged 30 or below pursuing locally-accredited, self-financing post-secondary education programmes which lead to a qualification at sub-degree (i.e. associate degree and/or higher diploma) or degree level. Financial assistance was provided in the form of grant or loan from the 2001/02 to 2005/06 academic years. With effect from the 2006/07 academic year, FASP loan for tuition fees has been replaced by FASP grant covering both tuition fees and academic expenses.

**21** Starting from the 2008/09 academic year, means-tested loans at the same level as those under the TSFS are introduced to cover the students’ living expenses based on the same terms and conditions as those under the TSFS. The maximum amount of living expenses loan is at the same level as that under the TSFS (i.e. \$55,560 per student per annum in the 2022/23 academic year).

**22** The loans are interest-free during the study period and repayable upon graduation or termination of studies. Interest is accrued upon commencement of repayment. With the approval of the Finance Committee, the interest rate of the loans has been reduced from 2.5% to 1% per annum with effect from 1 July 2012 and the standard repayment period has been extended from five years to 15 years.

#### *Non-means-tested loan scheme*

**23** The Non-means-tested Loan Scheme was introduced in 1998 to complement the TSFS and to ensure that no qualified students are denied access to tertiary education because of a lack of means. It has been expanded and now comprises the Non-means-tested Loan Scheme for Full-time Tertiary Students (NLSFT) and the Extended Non-means-tested Loan Scheme (ENLS). The NLSFT provides loans for tuition fees to eligible full-time students of publicly-funded institutions. The ENLS provides loans for tuition fees to persons pursuing specific post-secondary and continuing and professional education courses provided in Hong Kong.

**24** The Non-means-tested Loan Scheme for Post-secondary Students (NLSPS) was introduced in the 2001/02 academic year to complement the FASP to provide loans to eligible full-time students aged 25 or below pursuing locally-accredited self-financing post-secondary education programmes which lead to a qualification at or above the levels of associate degree, higher diploma and/or professional diploma. With effect from the 2008/09 academic year, the NLSPS is extended to cover sub-degree graduates studying full-time locally-accredited self-financing degree or top-up degree programmes. From the 2012/13 academic year, the age limit of the NLSPS has been removed.

**25** Eligible students who do not wish or fail to go through the means test under the TSFS/FASP may apply for loans under the NLSFT/NLSPS up to the maximum amount of their tuition fees payable. Students who receive financial assistance under the TSFS may apply for loans under the NLSFT up to the difference between the maximum financial assistance under the TSFS and the amount of financial assistance they may receive under the TSFS, subject to the loan

maximum (equivalent to the tuition fee payable) not being exceeded. Students who receive financial assistance under the FASP may apply for loans under the NLSPS up to the difference between their tuition fee payable plus the maximum levels of academic expenses and basic living expenses under the FASP and the financial assistance they may receive under the FASP, subject to the loan maximum (equivalent to the tuition fee payable) not being exceeded. Other eligible students may apply for loan under the ENLS up to the maximum amount of their tuition fee payable. With effect from the 2012/13 academic year, a combined life-time loan limit of \$300,000 has been imposed under the NLSFT and NLSPS and another life-time loan limit of \$300,000 has been imposed under the ENLS. The life-time loan limits will be price-adjusted annually in accordance with the Composite Consumer Price Index. The limits for the 2022/23 academic year are \$390,900.

26 The NLSFT, NLSPS and ENLS operate on a full-cost recovery basis. Interest, charged once the loan is drawn down, is payable on the outstanding balance of the loan at the “no-gain-no-loss” rate, plus a risk-adjusted-factor which seeks to cover the Government’s risk in disbursing unsecured loans. With the approval of the Finance Committee, the risk-adjusted-factor has been reduced from 1.5% to zero from 1 July 2012 and the standard repayment period has been extended from ten to 15 years. An administrative fee is chargeable for each application and annually thereafter until the loan is fully repaid. The loan and the interest accrued are repayable upon graduation or termination of studies or lapse of six years from the first disbursement of the loan (applicable to the ENLS and NLSPS only), whichever is the earliest. On 18 April 2020, the Finance Committee approved a one-off interest-free deferral of loan repayment for two years from 1 April 2020 to 31 March 2022 (referred to as “suspension period”) to student loan repayers of the means-tested and non-means-tested student financial assistance schemes for tertiary students (except those defaulters against whom legal recovery actions have been taken) to ease the cash flow concerns amidst the epidemic of COVID-19. During the suspension period, eligible loan repayers do not need to repay their loan instalments and interests. The annual administrative fee charged on non-means-tested loan repayers during the suspension period is waived and the risk-adjusted-factor rate is maintained at zero. On 15 February 2022, the Finance Committee approved to extend the interest-free deferral of student loan repayment for another two years from 1 April 2022 to 31 March 2024 (referred to as “extended suspension period”) with the same implementation parameters and eligibility criteria. During the extended suspension period, the waiver for annual administrative fee of \$180 per non-means-tested loan repayment account and the zero risk-adjusted-factor rate are maintained.
