Matters Requiring Special Attention in 2024–25

5 During 2024–25, the Department will:

- continue to provide effective customs clearance service for passengers and private cars under the “Northbound Travel for Hong Kong Vehicles” Scheme implemented since 1 July 2023 and plan for the provision of customs clearance service for passengers and private cars at the new clearance facilities for the Automated Car Parks upon its commissioning tentatively in 2024 at the Hong Kong-Zhuhai-Macao Bridge Hong Kong Port;
- monitor the need for extending the operating hours of boundary control points to further facilitate passenger and cargo flow;
- continue to take proactive action against smuggling activities through intelligence-based operations and closer co-operation with the authorities of the Mainland and other places;
- continue to improve clearance services to facilitate efficient passenger and cargo flows across the boundary;
- continue to closely monitor the operation of the electronic Road Cargo System to ensure efficient and effective clearance of cross-boundary goods vehicles;
- continue to work with the Mainland authorities to promote the utilisation of Single E-lock Scheme, ensure its smooth operation and explore setting up more clearance points in the Mainland, so as to enhance customs clearance efficiency for cross-border intermodal cargoes by reducing repeated inspections by Hong Kong and the Mainland customs authorities;
- continue to administer, supervise and enforce the Alternative Smoking Product (ASP) Transshipment Control Scheme for regulating the specified intermodal ASP transshipment, i.e. land-to-air and sea-to-air, from the Mainland to overseas via Hong Kong International Airport, to meet the needs of the logistics industry and to prevent leakage of ASPs into the local market;
- continue to maintain effective licensing/registration control and supervision of MSOs/DPMS under AMLO and step up investigation and prosecution of customs-related money laundering offences to enhance the effectiveness of Hong Kong’s anti-money laundering and counter-terrorist financing regime;
- continue to operate the Trade Single Window (TSW) Operation Office to deliver the services under TSW Phases 1 and 2 and develop the services under TSW Phase 3 for providing an electronic platform for submission of the relevant types of business-to-government trade documents;
- continue to ensure smooth operation of the Intermodal Transshipment Facilitation Scheme, whereby cargoes involving intermodal transfer (e.g. from land to air and sea) will only be subject to customs inspection at either the point of exit or entry in Hong Kong;
- continue to promote the Free Trade Agreement (FTA) Transshipment Facilitation Scheme to enable traders to enjoy tariff reductions in the Mainland and its FTA partners for trade in goods between them passing through Hong Kong; and
- continue to promote and develop the Hong Kong Authorized Economic Operator Programme and further extend Hong Kong’s network of mutual recognition arrangements with other economies, such that accredited Hong Kong companies may enjoy facilitation such as reduced inspection and prioritised clearance in Hong Kong and more economies.

- maintain effective enforcement actions on strategic trade controls by strengthening disposal checks and outreaching programmes.
