## CAPITAL WORKS RESERVE FUND

---

### Memorandum Note

The Capital Works Reserve Fund was established with effect from 1 April 1982 by Resolution of the Legislative Council on 20 January 1982 for the purpose of financing the Public Works Programme and the acquisition of land. The first Resolution was subsequently replaced by a second Resolution on 27 July 1983. For the purpose of giving effect to arrangements for implementing paragraph 6 of Annex III to the Joint Declaration of the Government of the United Kingdom and the Government of the People's Republic of China signed in Beijing on 19 December 1984, the 1983 Resolution was replaced by a third Resolution passed by the Legislative Council on 15 May 1985. On 13 January 1988, the Legislative Council passed an amendment to section (j) of the Resolution which effected the transfer of the financing of capital subventions and major systems and equipment from the General Revenue Account to the Fund with effect from 1 April 1988. On 6 November 1991, the Legislative Council passed an amendment to the Resolution to include provisions for government borrowings to be credited to the Fund and for repayments, and payment of interest and expenses relating to such borrowings, to be made from the Fund. As consequential amendments to the New Territories Land Exchange Entitlements (Redemption) Ordinance enacted on 12 December 1996, the Resolution was amended to include provisions for the payment of redemption money payable in respect of land exchange entitlements and of interest payable thereon under the New Territories Land Exchange Entitlements (Redemption) Ordinance. These amendments took effect when the Ordinance came into operation on 27 June 1997. Following resumption by China of the exercise of sovereignty over Hong Kong on 1 July 1997, the Resolution was amended by the Provisional Legislative Council on 17 December 1997 to remove provisions concerning the sharing of land premium under paragraph 6 of Annex III to the Joint Declaration as these provisions had become obsolete after the handover. The amended Resolution came into effect on 1 January 1998.

**2 The Resolution provides that—**

- (e) the Director of Accounting Services shall, under the authority of a funds warrant issued by the Financial Secretary, pay from the Fund such sums as may be required to meet expenditure from the Fund;
- (f) this resolution shall come into operation on a date to be appointed by the Financial Secretary by notice in the Gazette;

3 In accordance with the terms of the resolution, all revenue from land transactions has been paid into the Fund from 1 January 1998.

4 Expenditure from the Fund is limited in respect of each subhead by the allocation shown under the column headed 'Estimate 2002–03' in the Fund estimates, and this may not be exceeded in 2002–03 without the prior approval of the Financial Secretary. For all Category A projects, the approved project estimate of each project was that approved by the Finance Committee of the Legislative Council or amended under delegated powers. Approvals up to 14 December 2001 are included. The total commitment incurred may not exceed the approved project estimate, which in turn may not be altered without the prior approval of the Finance Committee or the Financial Secretary acting under delegated powers. For block allocations under the various expenditure heads, over-commitment of any amount in excess of the approved allocation requires the approval of the Financial Secretary.

5 The balance available in the Fund at 1 April 2002 is estimated to be \$11,989 million. It is estimated that during 2002–03, \$24,992 million will be paid into the Fund from premium income received from land transactions. In addition, \$250 million is expected to accrue to the Fund from investment income on its balances during 2002–03; \$113 million recovered from the MTR Corporation Limited for entrustment works; \$43 million recovered from the Post Office Trading Fund; and \$250 million from other miscellaneous items. The Fund will thus have receipts of \$25,648 million in 2002–03 which, taken together with the opening balance and the transfer of \$20,000 million from the general revenue, will have available \$57,637 million to meet estimated payments of \$34,360 million during 2002–03. The Fund will have an estimated balance of \$23,277 million at 31 March 2003.
